ALBERT LARSON.

The Hannaford Enterprise and the Sentinel seem to have picked on Frank Gladstone, the republican nominee for states attorney as their especial target in this campaign and insinuate that he knows nothing of law. Mr. Gladstone does not pretend to be one of the shining lights of the North Dakota bar, but he knows something about law just the same. He is a graduate of the New York state bar and holds the degree of L. L. B., which in itself requires a good knowledge of law before that degree can be obtained. He has been regularly admitted to practice in all courts in this state and is on equal footing with his opponent. The COURIER assures the voters of Griggs county that if they elect Mr. Gladstone the office will be conducted satisfactorily to them. By-the-way will the Sentinel and Enterprise tell their readers of any unusual display of legal genius by Mr. Tufte. Mr. Tufte is a good fellow, is honest, draws his salary regularly, does his duty as he sees it and that is all you can say. Most anybody can do the same thing.

Democratic editors and speakers are united in declaring that President Roosevelt is "an unsafe man." If that is so, he has at least been remarkably successful in his "unsafe" undertakings—in settling the coal strike, in enforcing the anti-trust law, in acquiring the Panama canal strip, and in all his delicate dealings with foreign nations.

The way that some of these mushroom democratic papers are throwing mud at E. T. Burke, republican candidate for judge, is making more votes for him than they are for Glaspell. The people like a clean campaign but do not approve of the bringing in of affairs that touch on a man's family. The only objection those opposed to Mr. Burke have, is that they don't know what he will do if elected. The same was true when Glaspell first came up as a candidate for the same office Give Mr. Burke a fair chance. We believe he will make a good judge.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughy. Of all the Salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures Burns, Sores, Bruises, Cuts, Boils, Ulcers, Skin Eruptions and Piles. It's on 25c, and guaranteed to give satisfaction by H. H. Bateman, Druggist.
