

J. E. Johnson, of the Crane Johnson Co., met with a terrible accident last Tuesday afternoon. He was waiting on a customer in the lumber yard and was on a platform seven or eight feet from the ground getting out lumber. In some way he missed his footing and fell heavily to the ground striking on his head and shoulders and sustaining severe injuries. His collar bone is broken and he received a bad concussion of the brain and in addition is badly used up. He was totally unconscious for some time and was immediately taken to his home and Dr. Westley summoned. He has been in a semi-unconscious condition ever since and his condition is considered serious. The doctor is unable to state just what the outcome of the accident will be. The friends of Mr. Johnson and family sincerely hope that he will soon recover.
