

## Julia Blocker Dies Suddenly in a Local Hospital. ✓

Julia Blocker, the 19 year old daughter of Mr. and Mrs. John Blocker, Cooperstown, died in a local hospital yesterday evening as a result of septicemia. The remains were taken in charge by the Luger Furniture and Undertaking Co., and accompanied by the bereaved father, were taken to Cooperstown this morning for burial.

Miss Blocker came to Fargo a number of days ago suffering with some internal trouble and was taken to the hospital, where she was operated on. The operation was a success, but blood poisoning set in and despite the efforts of the attending physicians she passed peacefully away last evening about 5 o'clock. The father was at the bedside when the end came. Miss Blocker has been an invalid for some time and the operation was resorted to as a heroic measure and as a last chance to save her life. She was a bright young lady and had a host of friends at her home town, who will be pained to hear of her sudden summons.—Forum.

The news of Miss Blocker's death was a surprise to her many friends here, it having been reported that she was recovering. The funeral took place from the Lutheran church Tuesday afternoon, Rev. E. T. Silness officiating. The remains were interred in the Cooperstown cemetery. The many friends of Mr. and Mrs. Blocker and family extend to them sympathy in this hour of sad affliction.
