

The little seven year old son of Mr. and Mrs. Lewis Jacobs died on Monday noon. The little fellow went through an operation for appendicitis two months ago but had been up and playing around for some time. Some intestinal trouble set in and the little fellow was taken sick thirty-six hours prior to his death and that with a weak heart took him away. The funeral will be held at Jessie Christmas day and the remains will be interred in the Catholic cemetery at that place.
