

DEATH OF E. H. KOLOEN

The sad news reached here Saturday that E. H. Koloen, residing north of Jessie had committed suicide by taking poison. The deed was done at about 3:30 o'clock in the morning on the porch of his brother's house, he having come from some where else in the neighborhood during the night. An employe of S. H. Koloen upon whose porch the man committed the act, was aroused by an unusual noise outside of the house and went down to ascertain the meaning of it. When he reached the spot the unfortunate man was suffering great agony and begged to be killed, but in a short time before anything could be done to save him he had passed away. We understand the poison used was a combination of chloroform and other deadly substances. Deceased was unmarried. The sorrowing relatives have the sympathy of all their friends in their sorrow.
