

Editor Bearick, of the Griggs County Sentinel has the following to say regarding the Binford band and his visit to Jessie the day the band played at that place: "The Sentinel editor and family visited Jessie Sunday and heard the Binford band play. The Jessie people were ready to give the boys a hearty welcome and had decorated their places of business with the national colors, filled up their lemonade jars and roasted an ox or two. We arrived there ahead of the band and Editor Curry so we got something to eat. We were just in time, however, as the Binford crowd were not long in appearing. Nor was it long before they got busy. They had to play before they got anything to eat, therefore it did not take them long to get at it. A very good open air concert was given, the band showing up remarkable well for the short time it has been organized. At four o'clock a recess was taken to give the boys a chance to get their breath and something (water of course) to drink. (Curry at once began to look for something to eat.) We enjoyed our visit very much and shall try not to miss another chance to hear the boys when they give a concert. They set an example that it would be well for some other bands to follow—get down to business and learn something.
