

patent dentists.

W. H. Dorry agent for the Obenchain & Boyer chemical fire engines, accompanied by Messrs Gad and Smith of Dazey, visited Binford Wednesday in the interest of the fire extinguisher business. The gentlemen from Dazey came along to bear the verdict of the Binford department as to the merits of the engine, but, as good luck would have it we have not been called upon to use it yet. altho we are all satisfied that the engine is all right as a result of the test it was given upon its arrival.

The band has added a nice new in-
