

---

S. H. Nelson is the name of a new legislative aspirant from this district, who has started to circulate his petition as provided by law and the same is meeting with hearty support. Mr. Nelson is one of the best men in the district and his friends will make no mistake in giving him their support to that end. He served as treasurer of Steele County for two successive terms and his record as an officer was such as any man could feel proud of. He is a good, conscientious man, capable of the office to which he aspires and will serve the people creditably if they will only give him the chance.
