

Miss Blanche Taylor, who had her arm broken by being thrown from an automobile while out riding with S. J. Danskin and a party of friends on the 9th inst., was able to be taken home to Mayville on Sunday. Mr. Silas Taylor, her father, came over with an easy riding carriage in which she was able to make the trip with comparative ease. The accident, which we failed to note last week on account of the copy being mislaid, was caused by the explosion of one of the tires of the auto which caused the machine to lurch heavily to one side throwing Miss Taylor to the ground with such force as to fracture her arm besides badly bruising her face and body.—Hope Pioneer.
