An important business transaction was made this week wherein Binford will lose one of its most prominent business men. Geo. Lockett has been at Wimbledon this week negotiating for the purchase of a drug stock at that place and it is expected will move there with his family in a short time. He will still retain his interest in the drug store here, however, with F. M. Wolfe of Tolna. Gunnar Amundson of Chicago has arrived and will have charge of the store. Mr. Amundson comes here highly recommended as a first-class pharmacist. The departure of Mr. Lockett and family will cause general regret in Binford but all will wish them success in their new home.
