

# LAND COMPANY INCORPORATED

## Binford Realty Company Receive Charter and Hold Election of Officers.

Articles of incorporation of the Binford Realty company have been drawn up and the charter granted and received from Secretary of State Blaisdell last week. The incorporators are Jos. Buchheit, Oscar Greenland, F. G. Lewis and Otto Pritz.

At a meeting of the incorporators Monday, the following officers were elected:

Jos. Buchheit, president.  
F. G. Lewis, vice president.  
Oscar Greenland, secretary-treasurer.

The board of directors will include the officers and Otto Pritz.

Since the organization of the company last spring they have acquired a great amount of real property, and by incorporating the business can be taken care of more satisfactorily.

The company looks forward to many transfers in real estate the coming year and propose to bring many actual settlers to this section of the state.

The capital stock of the company is \$50,000.

### BREAK EVEN.

## Cooperstown and Binford Divide Honors in Bowling Match.

After having the first contest snugly tucked away in their jeans by 141 pins, Binford let the county seaters come back at

them in the second by a majority of 249.

The first contest was pulled off Monday afternoon so as not to interfere with the show in the evening, but the Cooper boys were not satisfied with the defeat. A game was arranged for immediately after supper. They had a feeling of resentment and resolved to do or die—and they did do—with the dire result to Binford as told in the second spasm of the following statistics:

|                | 1st | 2nd | 3rd  |      |
|----------------|-----|-----|------|------|
| Binford—       |     |     |      |      |

### Mistake of Australian Colonists.

In the early days, colonists, thinking to make their surroundings more homelike, introduced rabbits. The rabbit, coming to Australia, increased and multiplied at such a rate that it overspread the whole continent, and became a nuisance, to keep which in check has cost many millions of pounds, and will yet cost many millions more. The Australian rabbit brings forth its first family—of up to nine or ten—at the age of three months. Thereafter, the doe produces the same litter every month.
