
SCHOOL OPENS SOON.

**Tuesday, September 7th, is the
Opening Day.**

Monday, September 6th, being Labor day, the fall term of the Binford public school will open on Tuesday following.

An important change to school patrons this year is the free use of text books. The installation of a heating plant will also be a great improvement and one that can hardly be measured in dollars and cents. All in all the coming term will start out under most favorable circumstances for the training of "young america."

Miss Eunice Persons, of Emmetsburg, Iowa, will have charge of the upper grades, and comes here well recommended. Miss S. May Lee of Valley City, of last year's corps, will return and have charge of the lower department.
