

Wm. Hoffstad, solicitor and collector for the Fargo News, was here the fore part of the week, "renewing" old ones and also making new ones. The News has a good circulation in Binford, and is the only morning paper to reach here the same day it is printed, giving us late eastern news not later than eight hours from the time Fargo readers get it. Mr. Hoffstad is an old newspaper man and spent a part of his time with us in "shop talk."
