

possible.

Frank Kelly and a party of men are loading a car of sand at pit west of town this week to be unloaded at Cooperstown. Mr. Kelly has many friends in Binford, who will remember him when he played left field for the crack Cooperstown ball team years ago and was the leading swatter of the bunch. There is some talk at the county seat town of getting Kelly back into the game and if he should loom up anywhere near his former record Cooper will have the "big noise" along the branch as far as any individual is concerned.
