

LAND COMPANY IS ORGANIZED

Binford Realty Company Organized Monday With Offices in First National Bank.

Jos. Buchheit, Oscar Greenland and other prominent business men of Binford have organized a land company to be known as the Binford Realty company. Mr. Buchheit is president and Oscar Greenland, secretary.

The company starts out under most favorable circumstances—having an unlimited amount of improved and unimproved farm lands in this and adjoining counties.

The company is composed of all local men and the same conservative and systematical methods that have made their other lines of business so successful will be employed in the new enterprise. They will have their offices in the First National bank building.

F. G. Lewis will represent the company in the capacity of agent and no better man could have been selected. Mr. Lewis has a wide range of knowledge in the land business and will be a powerful factor to the company.
