

Albert Ringlee and bride, nee Miss Lydia White, returned Monday, to make their future home in Binford. They were married at the bride's home in Melrose, Wisconsin, on Wednesday, December 1. The bride is quite well known among Binford residents, having visited here some time last summer. The groom is one of our popular young men. The Times joins with a host of friends in extending congratulations.

The home paper is always interesting to you whether you take it or not. Some people who do not take the paper borrow it from their neighbors, and while this inconveniences the neighbors and themselves, it cannot help but make us feel proud that they really care for our paper enough to walk a half mile each week to read it and also save 2 cents. It shows that these people are economical and that when our advertisers put an ad in our paper they will be sure to read it carefully and take in all the bargains.

The R. B. Vogen family bid adieu to their many Binford friends Monday. Mr. Vogen has secured an elevator opening at Dundurn, Sask., Canada. Mrs. Vogen and the children went to Rushford, Minnesota, to remain with relatives until after the holidays.

While there she will take her son, George, to Rochester for treatment of the eyes. The Vogens will be greatly missed. They were very popular among social circles in the village. Mr. Vogen played a prominent part in the business and lodge affairs. He was one of pioneers in this section, coming here in 1896, when Binford was only a wheat field. He has seen the trials of frontier life, and came out of it with a fair proportion of this world's riches, among them a beautiful residence. He has a good thing in Canada, and expects to get hold of King Ed's land. It is the hope of their many friends that they prosper in their new home.

MOTOR CARS ACROSS DESERT.

Among the latest activities of awakening China is to be a service of motor cars across the Gobi desert to replace the tea caravans of old. The service will cross the desert between Urga and Kalgan, which will shortly be connected with Peking by rail
