

Our townsman Hon. R. B. Vogen, received as a gift from his brother-in-law Edward Benson of Crumwell, Minn., last Friday, a mounted deer head. Ray is showing it to all his friends and is tickled s death over his present. Ray would'nt have felt better if he had received a section of land. We take it for granted that Mr. Benson knew Ray's tender spot as the head he received is the finest that has ever been seen in these parts, and the mounting and polish is A 1 in every respect.
