

FUNERAL LAST SUNDAY

Body of Anton Jenson Laid to Rest at Hatton.

Hatton Free Press: The remains of Anton Jenson arrived here last Saturday morning from his home at Valley City, where he passed away last Thursday morning from typhoid fever. The funeral was held last Sunday afternoon at the Washington Prairie church east from the city. Mr. Jenson was well known here having farmed for several years north from the city. He moved from here to McHenry where he was engaged in the general merchandise business for several years, and when he retired from business he moved to Valley City where he was at present living. The hand of misfortune rests heavily on the Jenson family, as this is the second death in the family this summer. Their son Omar was drowned in June and was also buried at the Washington Prairie cemetery. The many friends of the Jenson family in around Hatton extend their sincerest sympathy in this their time of bereavement.
