

BALL TEAM WILL HOLD A BENEFIT

**Basket Social and Dance Will Be
Given Next Week to Help Wipe
Out a Deficitt.**

Binford is noted for its splendid base ball team, and the patrons of the games have seen some splendid exhibitions of the national pastime, but all the bills from last year have not been settled and there is no money in the treasury to wipe out the debt.

In order to do this the ball team has decided to hold a benefit in the way of a basket social and dance, the date being set for Friday night of next week, Feb. 6th, and those who are interested enough in seeing the same class of base ball next year can do no better than helping the boys on this occasion. They simply need the money in order to start out with a clean slate next year, and while you are helping them in that way, you are also going to have an excellent time. Your presence is required to insure a success of this venture—but don't come and forget to bring the basket and your pocket book.

The committee is making preparations to make this one of the most enjoyable events ever held in Binford. They are not only going to have a dance and basket social but have made arrangements for a card party overhead, in order to provide some sort of entertainment for those who can't, or will not, do the tango. Everything possible is being done for your entertainment, and we don't want you to disappoint us by staying at home, and then kick yourself because we haven't any baseball next summer. By all means come, and if you don't have a good time it won't be the fault of the base ball boys.

Arrangements have been made so that you wont have to bring coffee, but you are asked to bring your cups along, as coffee will be served free of charge in the hall. Real cream will be thrown in for good measure.

Don't forget the date, Friday, Feb. 6, and bring the basket. We need the money. That's our plea. Come if you have to come in your business suit or your house dress, but come.
