

Just to stimulate a little more interest in the bowling game, the Swedes challenged the All Nations to a contest Monbay evening and were defeated by 217 pins which is nothing the A-N's to skryte about. That margin was made in the first game. In the second game the Swedes were defeated by 12 pins but this lead was overcome in the third. The Norskies, who hitherto have been very quite on the bowling proposition have come forward with a challenge to the Swedes, and the contest will come off at an early date. The Dutch are anxious to get up a team, but may have to go into the country for material. While we are about, why not have a team of Americans, and organize a four-team league. That would be some sport for the winter.
