

the quarter of land.

Courier: There has been quite a change in lumber circles in this city the past few days. Messrs. C. L. Ingram and T. S. McLaughlin, of Minneapolis, representing the Phoenix Lumber Co., were in the city last week and purchased from the Trimble-Winton Lumber company, the yards at Cooperstown and Jessie. The company is a large institution and owns and operates a large number of yards over the state. The new company took charge of the business Monday morning. Mr. W. R. Ervin has signed up with the new company and will remain as the resident agent at Cooperstown. The other yards along this branch belonging to the Trimble-Winton company have been sold to the R. C. Wells Lumber company of Minneapolis.
