

Secretary Arneson, of the Binford Farmers club, informs us that he has received assurances from Prof. N. C. Macdonald, inspector of rural schools, and Dairy Commissioner Flint that they will address the meeting of the club to be held some time in June at Red Willow lake. Mr. Arneson has also heard from Thos. Cooper, better farming director, but he could not promise definitely that he would attend. Pres. Worst, of the agricultural college, has been invited, but no reply from him has been received as yet. All of these gentlemen are able speakers and will prove a great drawing card. More will be said about this when the program is completed and the exact date settled.
