

BINFORD FARMERS' CLUB ORGANIZED

Will Do Much Towards Advanc-
ing Agricultural Interests
In This Section

The meeting called last week for the purpose of organizing the Binford Farmer's club was attended by a representative gathering from all directions.

Nearly fifty members are already enrolled and it is hope that before long the members will at least reach the hundred mark. Judging by the interest manifested this is not going to be a hard task to accomplish.

The benefits to be derived from such a club are many and depends solely on the club members themselves. If they are interested enough to attend the meetings, and take part in the discussions, then the success of the club is an assured fact. The object of the organization is to discuss topics affecting agriculture and the home and community, to foster co-operation, gain practise in parliamentary usage and to promote social intercourse among its members. It shall be the purpose of the club to encourage and promote the commercial and industrial interests of our farms, and the agricultural interests of Griggs county. To foster and encourage a public spirit and feeling of loyalty to our homes and country and to advise and assist in public improvements.

The next meeting of the club is to be held in the opera house next Saturday afternoon at two o'clock. A full attendance of the members and others who wish to join is urgently requested.
