

section of the band.

The farmers institute meetings held here yesterday and today under the direction of Prof. T. A. Hoverstad, were attended by a large number of farmers, the opera house being well filled at all of the sessions. The farmers took a lively interest in the proceedings and the discussions were animated and interesting. The speakers left on the afternoon train for Hannaford, where they will be for two days. Many good points were brought out in the discussions and speeches and when put into actual practise by the farmers, will be of much value to the country.

P. F. Peterson has installed a 40
