

School will open for a term of nine months next Tuesday, September 8. The school board of Binford have employed three lady teachers for the ensuing year who come well recommended as to ability and competency. They are Miss Margeret Duggan, of Grand Forks, as principal, Miss Marie Norman, of Ashby, Minnesota, for the intermediate grades, and Miss Ora M. Lowe, of Bowbells, who will again take charge of the primary department. Children who will be six years old before January first may enroll in the first grade. All parents who have children of school age are advised to send them the opening day. The co-operation of the parents with the teachers will help them a great deal, thus making their work less difficult.
