

PUBLIC SCHOOL WILL OPEN SOON

Fall Term Will Start On The
Eleventh of September
—Prospects Bright.

With the opening of the fall term of the public schools only about three weeks off, the arrival of these days when reading, writing and arithmetic come into their own once more, means much to the youngsters and their mothers. Many of the new frocks are being made in Binford homes for the use of the little people when the eleventh of September comes around. Then there are new suits for the boys, but mostly new shoes for the boy who has worn a pair of shoes through vacation and had kept them in condition to wear to school has never yet been found.

With the approaching of the school year, also comes the return of the teachers who mean so much to society circles during the winter.

Miss Mildred Pomeroy, of last year's corps, has accepted the position of principal. Miss Bertha Sheffield of Minneapolis, will have charge of the intermediate department, and Miss Ora M. Lowe of Bowbells, the primary department.

It is urged by the board that a full attendance be present on the opening day. In this way the routine work of starting will be easier and the pupils given proper classification. Those who are not present on the opening day will be at a disadvantage as they will have to start in with the rest of the class.
