

dered by the hands.

Miss Minnie Gjelhaug went to Valley City Tuesday, returning yesterday. She has decided to open dressmaking parlors there and will leave here the last of the month. Miss Gjelhaug is an excellent seamstress and, no doubt will make a success of her venture in a larger field. She has taken a prominent part in Sunday school work here and attended the National Sunday School convention at Washington, D. C. last June, as a delegate from this state. Her many friends will regret her departure.
