The meeting was a very enthusiastic one. It is proposed to get before the eyes of the eastern people who are looking for investments the many opportunities that are offered in this county, and to do this a systematic method of advertising will be planned. Heretofore, no attempt has been made to advance the interests of this county along this line, except by a few individuals who were boosting some particular locality and with the help of this club all this will prove a greater factor for advancement.

Another meeting will be held in Cooperstown on Tuesday, the 28th, and at this meeting it is expected the matter of advertising and other matters relating to the raising of funds will be discussed. The annual dues are \$2.00 and every public spirited citizen should become a member.
