

C. F. Heinsen was taken sick last week and on Saturday he was compelled to go to bed. His condition grew worse and by evening it became alarming. Owing to Dr. Truscott's absence, Dr. Brimi of Cooperstown was called and administered to his needs. On Monday he was taken to McHenry by his brother, John, who will care for him until he improves. Chris' many friends are solicitous over his condition and all hope for him a speedy and complete recovery.
