

The church program at Jessie lake last Sunday, given by the parochial school, led by Miss Quello, was well rendered and a large number listened attentively to the program. The children gave evidence of having been instructed by a capable teacher. Miss Quello is connected with the Oak Grove seminary at Fargo. Several numbers were given by a choir instructed for the occasion. Rev. Jenson gave a short speech. After the program, the crowd moved about, made new acquaintances and enjoyed the beauty of nature generally. Of course, as is usual, a great quantity of eatables were also disposed of. All seemed to feel content, which was nothing but reasonable they should be.
