A deal was closed this week whereby Frank Keiffer took possession of the Ford pool room. Mr. Keiffer is the gentleman who has had some cars of apples on the track here for sale. While out on the road selling apples he was looking for some business opening and considered that Binford was a good town to tie to. His son will be interested with him in the business. Both are married men and their wives arrived last Saturday. They will take up their residence in the rooms above the pool room.
