

work within a few days.

Word has been received from L. P. Larson, who left here a few weeks ago for Whitehall, Wisconsin, to accompany his father on a trip to the old country, stating that he has abandoned the trip. His father sailed for Norway June 20th. Since then Louie has visited many of the eastern cities and has been having a good time. He witnessed many of the big league ball games and has kept the fans here pretty well posted. He is on his way home and will stop off in Wisconsin for a short visit.
