

New Auto Garage.

McHenry Tribune: McHenry is to have a new auto garage complete in every detail. E. S. Johnson of Binfore and Oscar Hammer of Coopers-town are the promoters of this new enterprise and work will begin next week on their new building. They will likely build on the vacant lot just north of the N. P. hotel where the Lamont hotel formerly stood. This enterprise is a welcome addition to our city and the business men should give it every encouragement.
