
DOUBLE CELEBRATION

McVille and Pekin to Unite on Norway Anniversary.

At McVille it was suggested that they celebrate the 17th of May this year as the Sons of Norway lodge just now organized and in a flourishing condition, would lend a hand in the success of the day together with the business men, but as this date comes in the middle of a busy time with the farming community, it was thought best to drop the extra preparations and simply recognize the day in the regular manner. However, on the 16th of June, the Sons of Norway will join the business men of Pekin and hold a big celebration at that place.
