

lights, etc.

We have just recently completed arrangements with the Getts Piano house of Grand Forks, to represent their line in this locality. As a special inducement for a few days we have decided in order to get the pianos introduced here to make special prices and terms. I also wish to state that a free term of music lessons will be given with each sale. The line embraces such well known makes as Knabe, Steger, Cable, Kimball, Cable, Kingsbury, and Getts pianos.—C.
