

naFord Enterprise.

J. D. Reid has accepted a position with the Binford Realty company, and will assume his new duties the first of next week. He will look after the company's land interests and other matters on the outside. When Mr. Reid retired from the pool room business he thought some of going west to take up a homestead, but dropped that idea and decided to remain in Binford, all of which will be received with much pleasure by his many friends.
