
Newspaper for Sutton.

Sutton, one of the real live, hustling towns on the Fargo-Minot line, in Griggs county, will have a newspaper in about a month. S. S. Marrs of Illinois, said to be a capable newspaper man has decided to locate in Sutton, and already a building is being erected, and material for the printing outfit has been purchased.

The Times welcomes Brother Marrs to North Dakota and Griggs county, and we sincerely hope that he will give our southern neighbor as good a paper as they deserve. Mr. Marrs is said to be a first-class cornetist—which simply means that Sutton will have a band before the snow flies again.
