

Mrs. A. M. Swenson was very much surprised last Friday when about 25 ladies called at her home to spend the afternoon with her. Mrs. Swenson was busy packing preparatory to their leaving for their new home in Fergus Falls, and this interruption was unlooked for on her part. Games, merry talk, and an Easter egg contest afforded much pleasure, after which a hearty lunch was partaken of. Mrs. West then, on behalf of the company, presented Mrs. Swenson with a beautiful silver baking dish. The Swenson family have lived in Binford for the past seven years and their host of friends regret very much their removal. The Times joins in wishing them success and happiness in their new home.
