next summer.

Mrs Louis Guesinger and Mrs. Hermon Thrift had an experience with a runaway team on Tuesda,, that they don't care to have repeated again very soon. They were on their way to the home of Frank Kingsley to spend the day and when nearing that place the nor es became trightened so the ladies couldn't control them. In jumping from the buggy they were badiy shaking up and re ceived several minor bruises. The horses ran into a telephone post, breaking it in two.
