

Clint Wilson left Binford last Saturday with a carload of machinery, farm implements, live stock, and household goods, for his new home at Maple Creek, Canada, where he has a claim. Mrs. Wilson and the children will remain here for a few days before joining him. The Wilsons have made their home in Binford for a number of years and have many friends here who regret seeing them leave, but at the same time wish them unbounded success in their new home.
