

A 12-lb. son was born to Mr. and Mrs. Robert Gartman on Sunday. Both mother and child are doing nicely. Dr. Almklov saved the life of the baby by working for over an hour with him with his pulmotor. This is the first baby in Griggs county, if not the whole state, whose life has been saved by the use of this instrument and the doctor and the child's parents feel pleased indeed with the success of this case.—Sentinel-Courier.
