

ny a prosperous and happy future.

News of the sudden death of Mrs. P. K. Moe, of Cooperstown, was received here with profound sorrow, yesterday. On Saturday, while taking a bar of soap from the box she scratched her arm on a nail. As the scratch didn't seem very serious she applied a piece of pork on it and seemingly forgot about the accident. Later, however, she became ill and Dr. Brimi was called. Her illness at first wasn't associated with the scratch until her body was found to be poisoned. Dr. Platou was called from Valley City and everything possible was done for her. On Wednesday she seemed to improve and hope was entertained for her recovery, but she grew weaker and at 3 o'clock yesterday afternoon she passed away. The Times extends condolences to the bereaved family in this their time of sorrow.
