

The Binford band is making preparations to put on a concert and dance on Friday, Feb. 12—Lincoln's birthday. A committee composed of J. J. Herlick, A. J. Anderson and C. E. Peterson have already commenced the arrangements and with the assistance of Prof. Bagley, they hope to have the concert program completed in time for announcement in our next issue. It is the intention of having talent outside of the band to take part, and other specialties will be provided. This is the first time the Binford band has attempted to put on an indoor concert and the members are exerting every effort to make their initial appearance a grand success. The boys are making rapid progress under the tutelage of Mr. Bagley, and, with the new members, Binford will soon have a band capable of holding their own with any band anywhere in the state. Remember the date, February 12. This will be the last dance before the Lenten period.
