

NEW BUILDING ON MAIN STREET

**Abe Abraham is Erecting Concrete
Block on Corner South of
Postoffice.**

The foundation has been laid for a new store building on one of the principal corners of Main street, joining the postoffice on the south.

The building will be constructed of concrete blocks, two stories high, and 24 x 36 feet in dimensions.

The first floor will be used for store purposes by Mr. Abraham, with living rooms upstairs.

The building will have a plate glass front and a wide middle entrance.

It will make a great improvement on that corner, and Mr. Abraham is to be commended on his enterprising spirit.
