

The Commercial club met last evening and several important matters were brought up, discussed, and steps taken toward their culmination. The report of the park committee was heard, showing that 150 trees had been secured, through purchase and through the kind donation of A. D. Shaw. These will be planted as soon as they are shipped here. The fire hall and jail proposition had another "airing" and it is probable that the buildings will be moved from the present location. Another market day was agreed on and the date set for Saturday, June 12. The committee will get busy soon and complete arrangements. Precautions are to be taken to avoid any danger from prairie fires and as soon as a suitable time is selected the citizens will burn the dry grass in and adjoining the townsite.
