

m.

Dan Bryant, a former resident of this community, arrived here last week from Los Angeles, California, for a visit with old time friends. Mr. Bryant was one of the early homesteaders in this end of the county. He left here 17 years ago for the west and this was his first visit to his old stamping grounds since his departure. He was very favorably impressed with the progress made here. While here he was a guest at the Aug. Evers home.
