

extending a hearty welcome home.

At the 4th annual mid-winter meeting of the North Dakota Audubon society held at Devils Lake in January, Mark King, the 12-year-old son of Mr. and Mrs. Fred King, was awarded 1st prize for the best bird house sent in. The society keeps the house and sent Mark the blue ribbon and a check for \$4. Under the instruction of Mrs. Jos. Buchheit the boys club here is doing nice work and the boys are greatly interested in the study of birds.
