

desirable is removed.

L. P. Larson was over from Aneta, Tuesday, in his new Lozier runabout. The "beast" is the latest model out and is a handsome car. It has all the latest improvements for comfort and a lot of power. Lew was accompanied by John Nicholson, who has been signed to pitch for the Aneta team this season. He is an old acquaintance of Mr. Larson and the Ringlees, which made his visit to Binford an enjoyable one. For two years he was a member of the Milwaukee team in the American association which indicates that Aneta will have one of the strongest teams in the state.
