

About thirty of the neighbors and friends of Mr. and Mrs. A. G. Lindsey gathered at their home last Thursday evening. The affair was in the nature of a farewell party, as they intend to leave soon for New York to make their future home. The Lindseys came to North Dakota in the early eighties and most of that time has been spent in this community. They are highly respected and have a legion of friends who are sorry they have decided to leave. They will spend some time among friends before taking their departure. The Times joins in wishing them prosperity and happiness in their declining years.
