

"Capt. Racket," the play put on by local talent, at Pekin and McHenry last Thursday and Friday nights seemed to meet with favor and at both places the play was greeted by large crowds. The players appreciate the generous support accorded them, and especially are they grateful to the McHenry band for their concert before and during the performance. The Times is pleased to note the friendly spirit shown towards Binford and we assure them that we will reciprocate should they ever decide to bring any attraction here.
